

About Our Products

Optimus Vacation Club & Leisure Travel Referral Program

THE TRAVEL INDUSTRY TODAY

- The Travel Industry today is no longer controlled by the travel agencies or what we refer to as a brick and mortar business model. It's no secret that a large percentage of consumers now book their own travel on-line.
- The Travel Industry accounts for **over 45% of all E-Commerce Business** in today's world.
- What the Internet Travel business has produced for the consumer public is a **click and order business**, but in reality its turned into a **click and frustration business** for everyone who is chasing that special low ticket price. Everyone knows that by going to Orbitz, Travelocity, or Cheap Tickets that this can turn into a nightmare for most consumers **spending hours of time online and frustration** looking for that right deal. Well what we've done is take advantage of the consumers frustrations and turned it into **profit for our company and savings for our members** with two valuable products.

TCUSA's PRODUCTS

- TCUSA's Two Flagship Products that include the **Optimus Vacation Club** providing the monthly Optimus Dream Trips at substantially low pricing for our exclusive club membership. In addition we have the **Leisure Travel Referral Program (LTR)** that provides a low-overhead home-based business model for people who would like to refer travel to our official travel company where they can earn a percentage of the travel company's commission.
